Specification

- Tube Ø 30 x 1,5
 Aluminum / Stainless Steel
- Handle legs / cover caps Plastic (Polyamide PA)
 - glass fiber reinforced
 - temperature resistant up to 100 °C
- Tube aluminum
 plastic coated
 black, RAL 9005, textured finish
 Handle legs / cover caps, black, matt
- Tube aluminum anodized, natural color
 Handle legs / cover caps, black, matt
- Tube aluminum anodized, natural color
 Handle legs / cover caps, light grey, matt
- Tube Stainless Steel AISI 304 ground, matt shiny finish
 Handle legs / cover caps, black, matt
- Stainless Steel characteristics → Page 1489
- Load rating information → Page 1457
- RoHS compliant

On request

• Cleanline version (CL)

Information

Owing to their large range of variants and their classic design, GN 666 tubular handles are the perfect choice for many applications.

With the modular structure, special lengths are available even in comparatively small unit quantities. Large handle lengths can be supplied with additional centre struts.
