

Star grips with safety cable similar to DIN 6336, external thread, Form LS

Item description/product images

Description

Material:

Star grip thermoplast, threaded bolt steel.

Safety cable elastic TPU.

Version:

Screw trivalent blue passivated.

Note:

Δ Add the desired cap colour code here. No colour code is required for black caps.

Attach the safety cable to a base to make the star grip unlosable. The star grip cannot be moved far from the object to which it belongs, simplifying screwing and unscrewing of the grip and ensuring against loss.

Assembly:

Do not stretch the band during assembly.

Make sure that the anchor is not too far from where the star grip is to be used.
